① Feedbacks about school			
The school has a perfect location, the teachers are really good (especially teacher zhang)			
② Feedbacks about lesson			
The morning lessons and the 1:1 lessons are the most useful			
③ Feedbacks about accommodation			
Xihua's rooms are better than expected, bathroom could be a bit better, but all in all a good price-performance ratio!			
④ Feedbacks about the city			
I thought the smog would be more, the city is really nice and subway system just amazing!			
⑤ The most interesting memory you had here			
Great wall, Silk-Market, summer Palace, Hou Hai in the evening			
⑥ The most hard experience here, and how conquered			
To get used to the fact that tourists and non-asians always have to pay more on the streets... ^{to go to} supermarket!			
⑦ What did you achieve through oversea experience with Sprachcaffe?			
To get around in a city where I cannot read or understand anything!
